COVID-19 RELIEF

Because of donors like you, trusted community partnerships, and leveraged federal funding through Indian River County, we have helped people cope with the impact on their lives and livelihoods.

But our work is far from over. United Way is committed to ensuring our community becomes stronger, more inclusive, and more resilient as we recover.

With your support, we can help every person have an equal opportunity to thrive.

\$4.7M

was raised and distributed to help Indian River County respond, recover, reimagine, and rebuild. We helped thousands of our neighbors stay in their homes and keep food on the table.

67

local organizations received funding to assist with food distribution, rent and utility assistance, mental health assistance, free internet services, and prescription assistance.
