## OVERVIEW

United Way of Indian River County (UWIRC) provides non-restrictive grant funding to health and human service organization programs based on their ability to impact areas of need identified by the UWIRC. Any organization currently providing a program to IRC residents that measures outcomes and indicators set forth in the Education and meets current eligibility criteria is eligible to apply for 2025-2027 grant funding.

The Education Impact Area have set Community Goals which correspond with outcomes and indicators that programs must be able to measure to apply for funding. An overview of the Impact Area goals, and corresponding outcomes is available in Addendum A of this document. Any organization interested in applying must be able to measure a minimum of two outcomes and at least one indicator for each outcome from the list.

Admission is competitive; programs are evaluated on their ability to provide the highest quality services which best address the key outcomes identified by UWIRC and the Board of Directors.

Please carefully review this document to confirm eligibility. Current or previous UWIRC funding is not an automatic guarantee of eligibility.

The entire grant process is accessed through a web-based platform called e-CImpact (link below). All forms, unless stated otherwise, are completed online. Training can be provided to answer specific questions and provide guidance for the application and site visit.

# FUNDING APPLICATION PROCESS

## Step 1: Letter of Intent

The Letter of Intent (LOI) will be utilized to determine a program's ability to comply with UWIRC eligibility criteria. Programs will be notified if they are eligible to continue the application process after submission and review.

## Step 2: Full Funding Application

Programs that meet criteria and are approved to continue the application process will be given access to the grant application.

**New Agencies:** Agencies that meet eligibility criteria and are not a currently Funded Partner, are required to go through a full New Agency Vetting process by UWIRC professional and volunteer leadership. The New Agency Vetting process is outlined in Addendum B.

## Step 3: Application Review and Site Visit

Once a full funding application is submitted and there has been a thorough fiscal and governance review, applicants move on to step three. This step of the application process involves site visits by UWIRC Citizens' Review Panels. Programs are reviewed and evaluated by Citizens' Review Panels comprised of diverse community volunteers. Each eligible program is expected to present to the panel. Further details about program presentations are sent prior to the site visit date.

## Step 4: Funding Recommendations

After panels have reviewed all programs, they make funding recommendations to the Community Impact Council and the UWIRC Board of Directors. Programs recommended and approved for funding will begin their first year of funding on July 2025. Agencies receiving United Way of Indian River County funding must sign a Memorandum of Agreement.
